Entry Requirements

Age Requirements

AITT has a requirement that all students must be over 18 years of age at the commencement of course.

Education Level Requirements

To gain entry to this course, applicants should have successfully completed home country equivalent to an Australian Year 11 qualification.

For further information refer to the Equivalent Qualifications on the Victorian Curriculum and Assessment Authority (VCAA) website: <http://www.vcaa.vic.edu.au/Pages/vce/vcerecognition/equival/equiv-yr11.aspx>

English Language Requirements

Entry to each EAL Course in / qualification will be determined according to the following criteria:

- a student's current English language skills.
(The Listening and Speaking and Reading and Writing units in the Framework will provide the basis for initial assessment processes and placement of participants at the appropriate proficiency level)
- a student's prior formal education experience, both overseas and in Australia
- any prior EAL learning
- a student's learning and pathway needs including employability skills, literacies (digital and other literacies), and further educational and vocational training needs
- While accepting student application for EAL courses, AITT also considers the following:

(from the DEECD 2013 statement, page 4)

"that EAL learners 'bring a range of different skills and abilities to the task of learning English and are at varying stages of English language acquisition when they begin learning English or arrive in Australia. EAL learners also have varying literacy skills in their first language/s. Many are well educated and have strong first language skills, which gives them a valuable foundation for building skills in English. Others encounter formal education for the first time in Victoria, and may not have sound literacy skills in any language. Furthermore, some EAL learners may be going through significant trauma resulting from refugee and pre-migration experiences, family separation, and subsequent settlement issues. All of these often overlapping factors affect how EAL learners engage in learning, and the support they need to be successful must be considered in EAL provision across all settings."
